BREAST CANCER

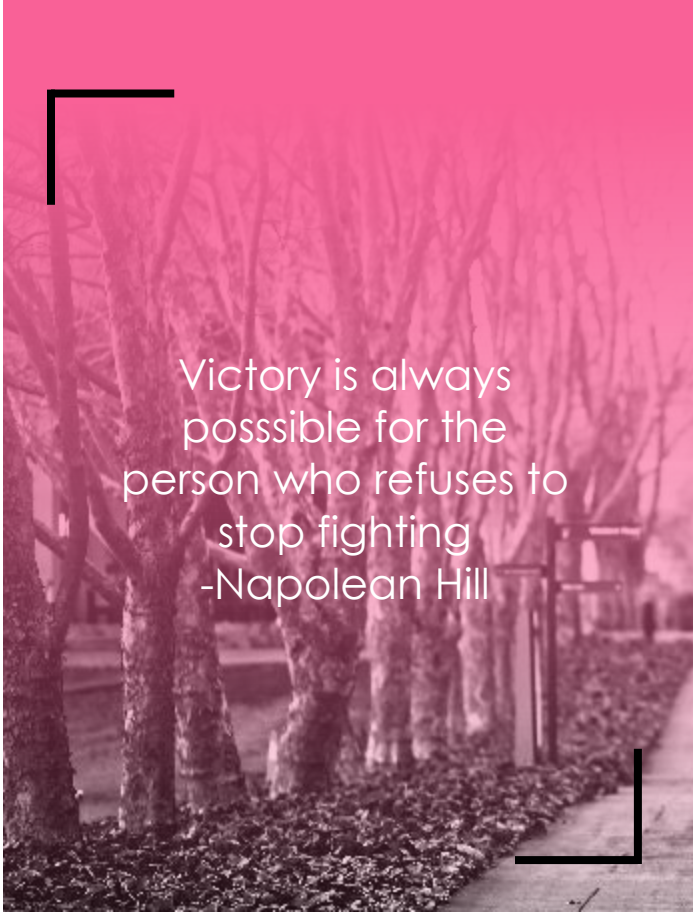

AWARENESS MONTH

October is a very special month for not only women but men as well. Breast cancer has been steadily on the rise. One-in-eight women will develop breast cancer in their lifetime. One-in-833 men will develop breast cancer in their lifetime. A person's health is very important and it effects not only the individual but everyone around them.

It is highly recommended for women over 40 to have mammograms to assure they have not developed any abnormalities like breast cancer. If you are a women 40 or older the Afordable Care Act requires insurance companies to cover screening of mammograms. This is good news to those who are hesitant about the fees related to mammograms.

In Sioux City there is also the June E. Nylen cancer center. They offer special finacing and free mammograms. You can always give them a call for any additional questions.

Victory is always possible for the person who refuses to stop fighting
 -Napolean Hill

Aflac and cancer

The Aflac Cancer Protection Assurance is a way to settle an already overwhelming diagnosis. Here are just a few ways this plan creates a difference

- Cash benefits
- Broad eligibilty and one rate for all ages between 18-75
- Coveage for their dependant childen at no additional cost

This is a plan to help your financial health while dealing with your physical health.

Feel free to contact us at (712)560-8257 for any further questions.
