

First Crop

(Prevented Planting Acreage)

Prevented Planting on 1st insured crop

Did insured notify us within 72 hours after final planting date if there was no intent to plant the insured crop during the late planting period or if a late planting period is not applicable of 72 hour after insured was not able to plant the insured crop within any applicable late planting period?

Did Insured notify us after this deadline and does the notification meet the late ___ notice of loss requirements

No 2nd crop planted
 1st crop – 100% PP Premium
 1st crop – 100% PP Premium

Acreage Qualifies for double cropping
 1st Crop – 100% PP premium
 1st crop – 100% PP payment
 2nd Crop – 100% premium
 2nd crop – 100% indemnity

2nd crop planted
 A second crop is:
 1) Next occurrence of planting any agricultural commodity following a first insured crop
 2) Volunteer crop; OR
 3) Cover crop that is harvested, hayed or grazed.
 Was the second crop planted, hayed, grazed or otherwise harvested on or before the end of the late planting period for the first crop, or the final planting date if no late planting period is applicable?

Remove prevented planting acreage from the policy. No premium is due, and no payment is owed.

Dates to Remember:
 Grain:
 • Final Plant date 5/31/2019
 • End of Late planting is 6/25/2019
 Commodity:
 • Final plant date 6/15/2019
 • End of late planting

If insured reports no 2nd crop, but a 2nd crop is subsequently planted.
 Was the 2nd crop planted before the final planting date (if the crop has no late planting period) or during the late planting period (as applicable) for the 1st insured crop?

No premium due on PP acres
 No payment made on PP acres
 If 2nd crop is insurable:
 2nd crop – 100% premium
 2nd crop – 100% indemnity

1st crop – 35% PP premium
 1st crop – 35% PP payment
 If 2nd crop is insurable:
 2nd crop – 100% premium
 2nd crop – 100% indemnity

Revise 1st crop PP premium and payment to "0".
 If 2nd crop is insurable:
 2nd crop – 100% Premium
 2nd crop – 100% indemnity

Revise 1st crop premium and payment
 1st crop – 35% premium
 1st crop – 35% payment
 If 2nd crop is insurable:
 2nd crop – 100% premium
 2nd crop – 100% indemnity

Note: 1) Unless the double cropping requirements are met whenever the insured elects to plant a second crop on acreage where the first insured elects to plant a second crop on a acreage where the first insured crop was prevented from being planted, a yield equal to 60 % of the approved yield for the first insured crop years for the first insured crop.
 2) If the second crop planted is an insurable crop on the policy, it must be reported and insured (no option to not insure the second crop if it is insurable.)
